

March 17, 2020

Dear Lee Pesky Learning Center Community,

During this rapidly changing and uncertain time, we will provide updated information as best we can through our website. Check back regularly for updates, we appreciate your understanding and patience as we work through this together.

We have made the decision to do all we can to safely support students and families with services. Therefore, we are moving the majority of our services to online delivery.

Effective **March 17, 2020**, all Academic Intervention and Academic Coaching Services will be provided through Secure Video. We have been providing distance services since 2014 – and have consistently shown we are able to achieve the same great results that we do in person. Our education specialists are familiar and practiced with this technology. Our goal is to minimize disruptions to learning, and we are confident that we can provide the same level of services via distance that we are able to in person.

**Academic Intervention and Coaching Clients**, please click [HERE](#) for access to more information.

Academic Intervention and Coaching clients make up the majority of the traffic in and out of our center – moving to online allows us to minimize exposure for everyone, including our education specialists.

**Evaluation Clients**, for now, we are continuing with the components of the evaluation process that we can do remotely, and until at least March 27, 2020 not conducting any in person evaluations. Dr. Anne Clohessy, our lead evaluator, will be reaching out via email/phone to coordinate adjustments and accommodations. [HERE](#) is more detailed information regarding evaluations.

**Counseling Clients**, for now we are working diligently to move our counseling services to distance using Secure Video – but we need to ensure that we are following required policies to do so. Our counselors, Courtney and Patricia, will reach out to you to coordinate schedules and services. Please click [HERE](#) for more detailed information.

Teachers and schools, we understand this is an uncertain time for you and our team will work with you to determine how best to proceed with scheduled trainings and coaching sessions.

Thank you,

Evelyn Johnson  
CEO
