

Since 1999, *Lee Pesky Learning Center* has provided high-quality, research-based professional development services. Our mission is to develop pathways to learning for everyone by creating self-regulated learners who are connected, self-aware, self-determined, strategic, and resilient. Our expert trainers have decades of classroom teaching experience. To ensure quality implementation of the practices presented in our trainings, we also provide coaching and follow-up support.

Training Titles and Topics:

- *Understanding and Supporting Students with Dyslexia*
- *School-wide Strategies for Teaching Writing Across ALL Content Areas*
