Dear Lee Pesky Learning Center Community,

We at Lee Pesky Learning Center value your partnership and the trust that you place in us as we work to "create a pathway to learning for everyone." We want to share an update with you, as we begin to wrap-up another school year.

LPLC continues to provide high quality, virtual services to students, families, clients, and teachers. In accordance with scientifically-based health and safety recommendations, and Central District Health policy, everyone at LPLC wears a mask and observes social distancing in all of our interactions with each other and with our constituents.

At LPLC, we have learned a great deal over the past year. We have modeled self-regulation skills, such as resilience and self-determination, and we have continued to improve our delivery of virtual services and supports, all while maintaining a relentless focus on quality. Moving forward, we will continue to engage in evidence-based services, strategically plan for all possible scenarios, and do our very best to avoid unnecessary disruptions to teaching and learning. The future of teaching and learning holds some unknowns but the consistency and quality provided by LPLC will remain the same.

Academic Intervention and Coaching Clients, please click [HERE](#) for access to more information.

Counseling Clients, Please click [HERE](#) for more detailed information.

Evaluation Clients, we are continuing with the components of the evaluation process that we can do remotely, and are scheduling limited in-person evaluations. More information can be found [HERE](#).

Teachers and Schools, we understand this is an uncertain time for you. Our team of professional development experts will work with you to determine how best to proceed with scheduled trainings and coaching sessions. More information on how we will continue to serve you can be found [HERE](#).

Please reach out to me or any of our team leaders with any questions or feedback. We look forward to hearing from you!

With Gratitude,

Lindy Crawford
